**Foundation for Social
Change and Inclusion**

Founded by The Trussell Trust in 2009, FSCI prevents modern slavery and human trafficking for vulnerable individuals and fights poverty and exploitation throughout Southeast Europe. We work with local NGOs communities and churches to run practical, sustainable projects, making sure that people are treated as individuals and tackling problems at the root. FSCI projects include:

House of Opportunity

Combating exploitation and preventing poverty among vulnerable care leavers through residential training and support.

Early Years Education

We are working with Roma communities to provide a vital pathway into education for marginalised children.

Christmas Box Appeal

Spreading joy to thousands of marginalised children and families through the giving of Christmas presents.
