

Love Repair Cafe

IT'S NEW AND MAYBE IT CAN HELP YOU!!

Redlynch Village Hall

Every Wednesday

10am - 12pm

- We are a small group of local retired people with repair skills and our aim is to provide a service for local people, who need small domestic jobs carried out.
- Our Volunteers include:- carpenters, needle-workers (clean clothes only), electricians, DIY enthusiasts, mechanical engineers, ceramic repairers and even a self-proclaimed bodger!
- Types of work include:- furniture & ornament repairs, small clothing work, wood/metal remedials, electrical & household repairs etc. You produce it, we will see if we can fix it. We may consider doing a 'house call' subject to a risk assessment review.
- We are happy to consider any repair. Unfortunately, we don't do broken hearts but we may make you smile. So, come along for a cup of tea and a repair to be carried out by one of our Mr or Mrs Fixits.
- This service is free of labour costs; the only charge would be for any new materials used and a small donation to the support fund, if you wish to make one. Any home visit would incur a 50p / mile charge.
